

Airopower (Japan)

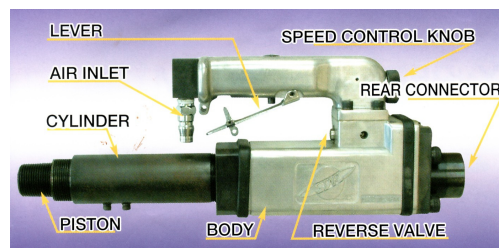

A revolutionary concept in automotive collision repair technology. Utilizing pneumatic power in place of hydraulic power, the Airopower is one tool that can **PUSH and PULL** at 5.25 tons each way. Light, fast and highly efficient, the Airopower is a delight to use and will improve your productivity. A remote control is standard for operator safety.

PUSH

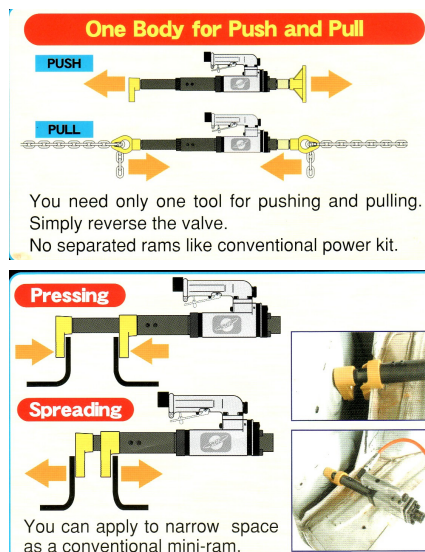

PULL

*Why use hydraulics that can leak ?
when*
